Re: **Water-Supply Well Sampling Request (PW-2, PW-6)**
2675 Statesville Boulevard
Salisbury, Rowan County, North Carolina
Parcel ID 330 108

Dear Property Owners:

Tax data from Rowan County indicates you may own property at the above referenced location. On November 18, 2013 and November 19, 2013, the Inactive Hazardous Sites Branch (IHSB) is proposing to sample select water-supply wells in your area. If a water-supply well at your location is chosen, you would not have to be present to have your well sampled, and there would be **no cost** to you. A groundwater sample would be collected from the well and submitted for laboratory analyses. Subsequently, a copy of the results will be sent to you at the address listed above.

If your property obtains drinking (potable) water from a municipal source such as city water, your location does not have a water-supply well, or you do not wish to have a water-supply well sampled, please contact me as soon as possible at (704) 663-1699, extension 2187. You also may email me at address below.

Sincerely,

George D. Adams, PG & EI
